### DEMENTED MAN JUMPED

OGDEN, Nov. 9 .- S. C. Ravenscroft of Leadville, Colo., leaped from Southern Pacific passenger train No. 5 yesterday near Farrel and was run over nd killed.

Ravenscroft became demented and acted in such a peculiar manner that the conductor was looking after him but he gave the conductor the slip and jumped off while the train was mov-ing at a rapid rate of speed. The body was taken to Battle Mountain.

The case of Harry Moss, charged with manslaughter, will come up for trial this morning in the district court. Moss is the young man who is accused of putting a knife into W. S. Stone at the Hermitage last spring during a drunken fracas.

O. O. Corey of Burton, Ida, was in Ogden yesterday enroute from St. Louis to his home Mr. Corey formerly resided here and is now a prominent stockman of Frement county in the Gem State.

The police department has received a message from the Chief of Police in San Francisco. Cal. asking the local police it they want Kid Dougherty, wanted in Ogden on the supposition that he murdered Roy Mills, who was killed in this city about one year ago. The telegram said that if he was wanted to wire a description, which was sent. The officers will anxiously await the reply, as the search for Mills's murderer has been going on for a year without result.

The murder of Mills created quite a sensalion at the time. The young man was decoyed to a lonely spot on the banks of the Ogden river, where he was shot and killed. The supposition is that it was to prevent Mills from giving away to the officers any of the depredations of the desperate gang of thugs that infested the city at that time. It is said that Mills knew of the compact or agreement between the thugs to commit the several sensational hold-ups on Twenty-fifth streets. It is allegged that Mills knew of the despending when the several sensational hold-ups on Twenty-fifth streets. It is alleged that Mills knew of the des-

perate nature of the gang and what they contemplated doing in Ogden and he was made away with to conceal their plans. Mrs. Marte Stoddard has sued her hus-band, Edwin Stoddard, for divorce, al-leging failure to provide. She asks for the custody of the five minor children.

#### FIFTEEN MEN BUSY AT THE GLENCOE PROPERTY

Special to The Tribune. PARK CITY, Nov. 9 .- At present the Glencoe property is looking very good. Fifteen men are busy at work there, and a larger force will be put on just as son as there is more room for them to work. If the indications continue as favorable as they are at present the work will be pushed forward vigorously during the coming winter; and by spring it is believed that the property will have been sufficiently developed to justify working it upon a still larger basis.

INDIANAPOLIS, Ind., Nov. 9—Mrs. Elnora Chambers, daughter of the late Gen. L. A. Morris of this city, died recently in California and her will was received by her attorney here today. She leaves her fortune of \$150,000 to Harry Graves, who had been her coachman for several years.

Graves came to the home of Mrs.

Last evening the Ladies' Aid society of the Methodist church gave a social at the parsonage. A great many guests were present and the evening was pleasantly spent in conversation and social games. The society has just recently been organized and it is the intention to do active work this winter.

Miss Mary Mages of the Census bureau

Miss Mary Mages of the Census bureau at Washington, D. C., was in the Park yesterday visiting friends.

James Farrell came out from Sait Lake this morning upon business.

Mrs. Archie Wilson came home this norning from a visit with her parents in American Fork.

The vote here yesterday was one of the largest ever polled in this place, there being nearly 200 votes cast. This was nearly the entire registration. While the vote was the largest, the number of straight tickets was by far the smallest ever cast in Park City. In many instances the tickets were not only scratched, but were scratched in numerous places. This made the work of the election judges in counting hard, and it rendered the returns slow in coming in. It was not until 2 o'clock this afternoon that the last precinct was heard from. Four or five of the outlying precincts have not yet been heard from, but it is thought that their vote will not materially change the results. As it now stands everything is Republican by a good majority, excepting the County Superintendent of Schools and the Sheriff.

Russia, He Declares, Has Promised Great Britain Ample Compensation and Punishment of Guilty.

LONDON, Nov. 9 .- In the course of his speech at the Lord Mayor's banquet this evening Lansdowne, in the absence of Premier Balfour, who is ill, said: "At this auspicious moment I am able to announce to you that not only the peace of the country is unbroken, but so far as I am able to forsee, there is no reason why it should not remain unbroken. Not only have we had the good fortune to avoid war, but to strict neutrality we have done something to restrict the area of hos-

On Verge of War. "The country, however, has not al-together escaped anxities. For the last few days we have been face to face with an incident which moved the people of this country as few other incidents have done. The incident of October 21 in the North sea was an attack on British citizens, an affront to the British flag which, if intentional, I would rather not contemplate the con-sequences. It was a deplorable and unaccountable blunder, but I am bound to add that recent evidence has satis-fied the British Government that the Russian Government believed in good faith a fact different from what we supposed, and that each party was convinced of the justice of its own

Rested With Russia. After detailing what would be the procedure of the court, Lord Lansdowne referred to the smallness of the number of Russian officers left at Vigo, and said: "It was not for us to assume the responsibility for the selection of the officers. That rested with Russia, and it would be a great mistake to re-Heve her of the responsibility

Question of Contraband.

Continuing, Lord Lansdowne referred to other questions which have arisen during the war, especially that of conduring the war, especially that of con-traband, which had been largely cleared up, and since July there has been no case of seizing a British ship by Russia. "I am sanguine enough to say," Lord Lansdowne remarked, "that good is likely to come from the struggle in the far East. It is my hope and be-lief that this terrible war will give a stimulus to the existing desire for less clumsy and brutal method of ad-justing international differences."

has proven to lots of people that it don't pay to buy jewelry at cheap sales or auctions. A plated watch looks as well as a good gold-filled watch; a plated or cheap gold ring, when it is new, looks the same as a good gold ring, but after three or six months' wear it looks different altogether, and the man who sold you the article is gone and you have thrown away your money.
